The accreditation card remains the property of the IBSA Judo and can be withdrawn, with immediate effect, at the IBSA’s sole discretion. The accreditation card is valid for the duration of the competition and is the personal identity document of the delegate for all security and access controls. This card contains: last (family) name, first (given) name, country, a picture and for athletes their competition category.

DRAW AND SEEDING

Up to a maximum of the top four athletes among the entered athletes in each category will be seeded based on their IBSA Judo WRL position.

The draw will be held online

OFFICIAL JUDOGI

Athletes must compete wearing an IJF approved judogi (white and blue) from one of the following official suppliers can be found here: www.ijf.org/supplier-list

For further information on the judogi rules please refer to the IJF SOR (www.ijf.org/ijf/documents/21).

OFFICIAL IJF BACKNUMBER

Each competitor is obliged to have sewn on the back of his judogi a backnumber bearing their last (family) name and National Olympic Committee abbreviation. The last (family) name (and any part of their given (first) name) on the back number must have the same letters as that registered in ISAS as this database provides the accreditation cards, athlete name on TV graphics and scoreboard etc. The top of the backnumber must be fixed horizontally and centrally three (3) cm from the bottom of the collar.

Please, order your backnumber from www.officialbacknumber.com

Athletes who have been classified as J1 shall use a red circle on their backnumber. Deaf athletes shall use a yellow circle on their backnumber. The place of the mark of red and yellow circle is on the backnumber and not the side of the sleeve of the judogi.

Those athletes definitively classified as J1 should order their backnumbers with the red circle printed on them (option available at www.officialbacknumber.com). The organization will provide red and yellow stickers for those athletes who did not have a definitive classification prior to their arrival at the event.

JUDOGI AND BACKNUMBER PRE-CONTROL

The IBSA Judo will arrange a judogi and backnumber pre-control on the day when the draw is made. The judogi pre-control is compulsory for all competing athletes. For this purpose, the competitors should wear their judogi with the belt tightened. For the backnumber pre-control, athletes must bring both judogi (white and blue), for a control regarding any worn-out areas particularly on the collar and lapel, the colour, the IJF official label (obligatory), judogi brand (obligatory), national emblem, advertising, backnumber stitching, and any visible stains. Only if the judogi are compliant with the IJF and IBSA Judo rules will sponsor labels be given.

Athletes must show up for the backnumber pre-control. If they fail to do so, without a valid reason, the athlete will not be allowed to have a coach in the chair.

The official sponsor label of the event will be given provided that:

- The judogi are clean and dry.
- The backnumber, publicity and emblem are properly sewn and do not show any wear or tear.
- All previous advertising has been removed. Guide to attaching and removing the sponsor label:
- Lay the judogi flat and attach the new sponsor label of the event on the back of the correct judogi.

- Ensure the label is firmly attached around the edges.
- Immediately after the competition and before washing remove the sponsor label.

In case there are no official sponsor labels, the local organisers will provide a small stamp for the inside of the judogi when approved. This stamp must go with the washing.

The LOC has the right to charge for any sewing service that is deemed larger than a small repair.

COMPETITION DAY JUDOGI CONTROL

Regardless the backnumber and judogi pre-check has been passed, the local organizers will inspect the judogi size and validity during the judogi control before each contest. The backnumber and publicity should comply with the current IBSA, IJF, and local organizer agreement.

Only those judogi who have passed the judogi pre-control will be admitted to this rapid control.

LOC will provide spare judogi to those athletes who do not have a valid judogi. In that case, the athlete will not be allowed to be directed by his coach during the bout and will be escorted to the tatami by a volunteer.

WEIGH IN

The weigh-in will be carried out in accordance with the IJF SOR. The official weigh-in for athletes will be scheduled the day before the competition (see programme for times and places).

As a general rule, the official weigh-in will take place at the official hotel the day before the start of the competition. On competition days, the weigh-in will take place at the sport hall, during the break between the preliminaries and final block.

The athletes must bring their passport and accreditation to the official weigh-in.

RANDOM WEIGH IN

A draw will be held to determine which athletes must undergo this weight control on each competition day.

The list of selected athletes will be published one hour before the start of the competition each day. From that moment on, the selected **athletes will have 15 minutes** to go to the random weigh-in room located in the sports hall. **The weight of the athletes cannot be more than 5 % higher than the official maximum weight limit of the category.** In the event that the athlete has a weight greater than this limit or less than the minimum weight of his/her weight category after the 15-minute

time limit established for the random weigh-in has expired, the athlete will not be allowed to participate in the competition. The athletes do not need to bring their passports, as their accreditation is sufficient for identification.

WORLD RANKING POINTS

An athlete is in the competition only once they pass the eye-examination and official weigh-in.

In the event that an athlete has passed the eye examination and the official weigh-in but does not win any bout, he/she will get half of the points established for the position in which he/she is finally placed.

Any athlete who does not come to the tatami for a contest will have a line put through his/her name on the draw sheet. His/her opponent must come to the tatami and bow. He/she will be declared the winner by fusen gachi and WRL points will be given.

REFEREEING

The contests will be refereed by International Referees (IJF A level with IBSA Judo license) selected by the IBSA Judo Referee Commission with the collaboration of the IJF Referee Commission.

The referees will use the CARE system. The referees are awarded qualification points after the competition.

COACHING

Coaches nominated by their IBSA Member Organization should respect the IBSA and IBSA Judo Rules. Any coaches not adhering to these rules could be subject to disciplinary action.

AWARDING CEREMONY

Each athlete who has won a medal must be present at the ceremony to receive their medal personally. Any athlete who is absent from the awards ceremony without a good reason may forfeit the medal.

Athletes must attend the medal ceremony barefoot, without any hat, cap or any similar head covering and wearing their IJF approved white judogi that conforms to the IJF judogi rules with special attention being paid to the publicity rule. If it is not clean, then they must wear a reserve judogi. It is strictly prohibited for athletes on the podium to have national flags or similar items other than those on their judogi. Any demonstration with religious, political, personal or commercial connotation is

prohibited. Athletes must also be available for interview after the last awarding ceremony if requested by the Media Team of the event.

MEDICAL MATTERS

During a contest a bleeding injury may be treated by the doctor on two (2) occasions. If the same bleeding requires treatment for the third time, the referee should declare the opponent the winner by kiken-gachi. However, the IBSA/IJF Ad Hoc Commission in consultation with the Medical Commissioner can decide to allow the same bleeding injury to be treated more than two (2) times. If bleeding cannot be stopped, the Medical Commissioner will inform the referee who declares the opponent the winner by kikengachi.

For the preservation of athletes' joint health, especially of those who lack experience in self-treatment, athletes are allowed to seek medical help for finger/toe joint resetting, including resetting and taping to secure the joint.
