World Ranking List (WRL): WRL is governed by the IBSA Judo World Ranking Pointing System. Its main element and purpose - It contains the results of the last two years and determines the seeding of international competitions in the draw.

Paralympic Ranking List (PRL): The Paralympic Ranking collects the points from the WRL. It contains the points of the competitions of the qualification period with the following addition:

1. All competitions award double points between June 24, 2023 and June 24, 2024.
2. IBSA Judo GP Egypt gives double points to African competitors. (Partially offsetting the disadvantage of African Judo due to the lack of continental competition.)

3. Among the IBSA GPs, only the best 5 results count for each athlete. Except for the African competitors, in whose case 6 GPs count towards the PRL also to balance the disadvantage of the African competitors.
